25th INTERNATIONAL CONFERENCE ON THE EUROPEAN ENERGY MARKET

Lisbon, 27-29 May 2025 | Portugal

25th INTERNATIONAL CONFERENCE ON THE EUROPEAN ENERGY MARKET

Lisbon, 27-29 May 2025 | Portugal

Welcome Reception

Tuesday, May 27th
18:30 – 20:00

Terra Nova by Popoli

Ala Nascente Terreiro do Paco, 85/86 Praça Terreiro do Paço – Next door to
Renova Sexiest W.C. on Earth, Lisbon 1100 Portugal

Terra Nova mixes international tastes with a strong respect for Portuguese tradition, all led by Chef Ricardo Estevas. Moving beyond its earlier focus on national flavors, Terra Nova added new dishes with cod as a main highlight. By sticking to the Mediterranean cooking style and maintaining a global touch, Terra Nova aims to be a lively mix of cultures and tastes, offering a rich variety of sensations and flavors.

1st INTERNATIONAL CONFERENCE ON THE EUROPEAN ENERGY MARKET

Lisbon, 27-29 May 2025 | Portugal

Conference Dinner

Wednesday, May 28th
19:00 – 23:00

Opera Ship Cruise on Tagus

The Opera Ship is the largest event boat on the Tagus River, providing a distinctive blend of space and comfort. Designed to create a memorable experience, it offers a stunning setting for the EEM25 conference, allowing guests to enjoy exceptional dining while taking in the breathtaking views of Lisbon's riverfront scenery. The vessel features multiple interconnected spaces, all carefully designed with attention to detail, and is staffed by a professional crew committed to ensuring a whole and enjoyable experience for all EEM25 participants.

12th INTERNATIONAL CONFERENCE ON THE EUROPEAN ENERGY MARKET

Lisbon, 27-29 May 2025 | Portugal

Technical Tour

Friday, May 30th

Departure from ISEL at 9:00 and return at 12:30

Siemens Smart Campus

Siemens Sustainable & Smart Campus is a project that highlights the significant role of technology and digitalization in transforming smart infrastructure, reinforcing a strong commitment to sustainability and the global decarbonization goals. This space serves as a showcase of cutting-edge technological solutions and a living laboratory that demonstrates how infrastructure can be evolved to become intelligent, safe, and sustainable. It exemplifies that technological innovation is essential for achieving long-term environmental and societal benefits, inspiring visitors to explore practical approaches to sustainable development.

EDP Electricity Trading Floor

At EDP / GEM – Global Energy Management, you will discover the dynamic environment of an electricity trading floor, where market operations and bidding processes are actively managed across various electricity markets. This space offers a unique opportunity to observe real-time decision-making that shapes energy trading, market efficiency, and the broader transition to a sustainable energy system. Visiting this hub provides invaluable insights into how strategic bidding and operational activities contribute to the optimization of energy in a rapidly evolving market landscape.

1st INTERNATIONAL CONFERENCE ON THE
EUROPEAN ENERGY MARKET
Lisbon, 27-29 May 2025 | Portugal

Thank you for joining us at EEM25

Make the most of it and enjoy every moment !!!
